I acknowledge these activities may be physically or emotionally demanding. I agree that I have a duty to ski at all times in a manner that avoids injury to the skier and others and to be aware of the inherent dangers and risks of skiing. The skier shall: know the range of the skier's ability and safely ski within the limits of that ability and the skier's equipment so as to negotiate any section of terrain or ski slope and trail safely and without injury or damage; know that the skier's ability may vary because of ski slope and trail changes caused by weather, grooming changes, or skier use; maintain control of speed and course so as to prevent injury to the skier or others; abide by the requirements of the skier responsibility code that is published by the national ski areas association; obey all posted or other warnings and instructions of the ski area operator; read the ski area trail map and be aware of its contents.

SNOWSPORTS SPECIFIC:

I understand that a helmet designed for RECREATIONAL SNOWSPORTS use will help reduce the risk of some types of injuries to the user at slower speeds. I recognize that serious injury or death can result from both low and high end energy impacts, even when a helmet is worn. I have been informed of the risk and understand that Big Sky Resort "Highly Recommends" the use of helmets for Snowsports. Initial _____
