Strengthen and build your team with
Basecamp Adventures

SIT DOWN FOR SOME FARM FRESH SCRAMBLED EGGS and cinnamon-vanilla French toast before you jump right into team building at its best – 30 feet in the air at Big Sky Resort's high ropes course. Encourage your coworkers as they scramble across the Lava Lily Pads or the Chopsticks.

After your team challenge, debrief at a luncheon where you'll talk business over an Oriental Sesame Salad with grilled chicken or the tender sliced beef and sautéed onions on your Philly Cheese Steak Sandwich. You'll need the fuel for your afternoon zipline experience, where you'll hike part-way up Lone Peak to zoom more than 1,250 feet over streams and through the forest with views of the dramatic Spanish Peaks whizzing by. Hike down in time for an evening meeting before your dinner of local Montana game. Sample elk chili, bison broil and wild boar sausage before savoring a slice of huckleberry cheesecake.
