

Big ideas happen with

America's Biggest Skiing®

Fresh ideas and
fresh tracks happen at a
Powder Powwow

Big Sky Resort's Yellowstone Conference Center is already the ideal place for events, meetings, and conventions. Now you can tailor your event to your unique company needs and personality with one of our unique conference themes:

- Powder Powwow
- Yellowstone Explorations
- Cowboy Cookout
- Basecamp Adventures

BUSINESS ATTIRE for the day is snow-pants, so you'll be ready to hit the slopes right from the conference room as soon as the lifts open. Grab a steaming coffee and cinnamon French toast before your 8am meeting. Then spend the day taking the tram up and ripping down 4,350 vertical feet from the top of 11,166-foot Lone Peak. Or, glide over pristine groomers on tamer runs off of the Ramcharger lift on Andesite Mountain.

Stop for lunch at the Burger Bar and gather around the fire pit to sip a local microbrew with colleagues before returning to the slopes to explore more of Big Sky's 3,812 skiable acres. Après ski, warm up with hot chocolate and peppermint schnapps in one of our cozy saloons and restaurants. Reconvene for an evening meeting before you settle into your filet mignon or vegetarian wellington at a banquet dinner.

It's work, really it's work. Call today...
