## *Yellowstone Explorations*

YOU'LL START BY FUELING UP for your 8am meeting with farm fresh scrambled eggs and crisp honey-cured bacon, then get geared up for your private van tour through Yellowstone National Park with a naturalist guide. Stop at steaming fumaroles, boiling mud pots, while bison roam so close you'll see into their gentle black eyes. After exploring the surreal aspects of this geothermal landscape, you'll make your way to Old Faithful just in time to see the famous geyser spurt 150 feet in the air.

For lunch, enjoy a gourmet deli sandwich as you spot bald eagles soaring over your streamside picnic spot. Continue on Yellowstone's lower loop road to the Continental Divide and Yellowstone Lake before heading back to the old-time western storefronts of West Yellowstone. Drive back to Big Sky for an evening meeting and banquet dinner where you'll enjoy your own flowing mud pot – a chocolate fondue fountain for dessert.
